Border Angels is a non profit organization that advocates for human rights, immigration reform, and social justice, with a special focus on issues related to the U.S./Mexican border.

Our vision is a country where no person has to suffer and where the rights of the most vulnerable are respected and protected.

Our Mission

Border Angels promotes a culture of love through advocacy, education, by creating a social consciousness, and engaging in direct action to defend the rights of migrants and refugees.

Our History

Border Angels was established in 1986 and initially focused on helping farmworker migrants that were living in the canyons of North San Diego County. Since then, our work has expanded to include humanitarian work along the entire US-Mexico border.

Our Programs

Water Drop

Program

Tu Vida Vale  - a message of love
in every gallon

Border Angels has left thousands of gallons of water in the desert along paths most commonly traveled by migrants. Due to the implementation of Operation Gatekeeper, one of the US government's most inhumane border enforcement policies, has caused the death of more than 11,000 migrants. Thousands of daughters, sons, mothers, fathers, spouses and friends have died, the main cause being dehydration. Many more have gone missing and their remains are still yet to be found. Our team leads trained volunteers into the California desert and mountains to leave water

**WE PLACED OVER 1200
GALLONS ALONG
SEVERAL DESERT
ROUTES**

We also placed high protein
canned food, emergency
blankets, socks, beanies, etc.

**OUR WATER DROP TEAM
VISITED THE DESERT
EVERY WEEKEND**

Due to COVID, our team used
smaller teams, but were in the
desert three times more often .

**WE PICKED UP HALF A
TON OF TRASH FROM
THE DESERT**

Along with leaving life saving

Shelter Aid

Program

Love has no borders 🇺🇸

Through our Shelter Aid Program we provide support to various migrant shelters in Tijuana, Baja California, Mexico. We provide funding to help cover the cost of rent, utilities, shelter construction projects and food for shelter residents. The need in Tijuana is significant and many shelters depend on donations to continue being able to provide life-saving services. This support has become more crucial to migrant survival and well-being during the COVID-19 pandemic. The pandemic has limited cross border travel and most organizations that previously worked in Tijuana, such as faith-based organizations and our own Caravans of Love have been completely halted, leaving families without the donations that they once relied on. We have been able to help fund projects like medical attention and water stations the expansion of Roca de Salvación shelter, and the purchase of various appliances that make our migrant families more sufficient. Without this assistance, many shelters would have had to close their doors.

WE PURCHASED OVER 20 APPLIANCES FOR MIGRANT SHELTERS.

We provided our supported shelters with the funding to purchase stoves, fridges, washers and dryers!

OVER 900 MIGRANTS ASSISTED DAILY

We provided food, rent, utility payments, groceries hygiene products and so much more for thousands of migrants at 15 different shelters.

A BORDER ANGELS FUNDED SHELTER EXPANSION

We helped build an expansion at one of our supported shelters in order to give them more space and room for COVID quarantining.

Day Laborer

Outreach

A Labor of Love

The term “day laborer” is one applied to individuals that search for work in construction and landscaping project-based work. It is common to see workers outside of large home supply and construction stores (such as Home Depot and Lowe's) waiting to see if they will be hired for the day in helping people with construction and landscaping projects. This community of workers is often overlooked by our society at large. Many day laborers are undocumented and/or homeless, and are often subject to discrimination.

With this program we visit these sites and provide them with food, water, clothes and hygiene products. For many this is their first meal of the day. Our program's goal is to provide moral and emotional support, and to document their stories. We also provide free immigration and employee rights consultations to those in need.

**WE DISTRIBUTED OVER
700 CARE PACKAGES
TO DAY LABORERS**

These care packages include face masks, snacks, hygiene products, hand sanitizers, neon tshirts, etc.

**PARTNERED WITH
CHULA VISTA FOOD
SERVICE**

Chula Vista Food Service has provided us with and provided fresh produce to add to our care packages.

**FYLERS, RED CARDS,
AND LEGAL
ASSISTANCE**

We provide day laborers with various flyers and cards to protect their rights as workers, including free legal clinics.

Green Cards

For Kids

Green Cards for kids

Every child, especially those that have been neglected or abused, deserves the right to guaranteed protection. 

This program provides legal representation to migrant children currently in custody of Riverside County seeking Special Immigrant Juvenile Status (SIJS). Special Immigrant Juvenile Status, is a pathway to a green card (also known as a legal permanent residence) for children that have been abused, abandoned or neglected by one or both of their parents. We have partnered with immigration attorney Fabiola Navarro who will provide legal representation to ensure that these children receive the legal protections they deserve!

**WE HAVE STARTED
LEGAL PROCEEDINGS
FOR 10 MINORS SO FAR**

With your help, these children will be the first in our program to receive Green Cards!

**IN 2020 ALONE,
THERE WERE 10,779
MINORS PLACED IN
CUSTODY OF HEALTH
& HUMAN SERVICES**

Many of them qualify for SIJS and with this program they will become legal permanent residents.

Familias Reunidas

Immigration Bond Fund

Helping end family separation, one family at a time

The Familias Reunidas bond fund was launched in December 2019 with the goal of supporting those being held in ICE detention centers due to their lack of funds to post bond. We posted our first bond January 7th, and since then our fund has helped over 60 migrants and asylum seekers.
